12.	You have completed the course with an understanding of the topics (issues) covered in the course					

Please comment on the course's strengths and weaknesses, how challenging you found the course, in terms of the workload, the standards? What can be improved in the course?

--

Please comment on the instructor's strengths and weaknesses, effectiveness in holding students accountable for their preparation, participation and performance.

--

**Your Own Work**

№	Question	1	2	3	4	5
		Less than 50%	50-65%	66-75%	76-89%	90-100%
1	You attended the course to ... percent					
2	You participated in the organized course activities to ... percent					

**Примечание:**

*Раздел Your own work - для того, чтобы отфильтровать нерелевантные анкеты (участие в работе ниже 50%, посещаемость ниже 50%).*

**Master Programs. Research Seminars**

№	Question	1	2	3	4	5
		strongly disagree				strongly agree
1.	Research Seminar rules (i.e., objectives, structure, grading system) were properly explained and consistent throughout the course					
2.	The Research Seminar was well structured					
3.	Different forms of discussions and research skills control were used throughout the course					
4.	Interactive learning techniques (i.e., group case work, student presentations and discussions, etc.) were effectively applied in the course (the discussions were dynamic, interactive, involving)					
5.	The Research Seminar provided better understanding on master thesis requirements					
6.	The Research Seminar assignments contributed to understanding of the master thesis preparation requirements					
7.	Instructor(s) explained material in interactive and clear manner					
8.	Instructor(s) was/were accessible/approachable to students (responded effectively to questions and expressions of opinion, gave constructive feedback on assignments)					
9.	The course calendar is accurately followed (assignments' deadlines and the tests' schedule are met, evaluations and feedback are provided in due time)					
10.	Overall, the instruction can be evaluated as excellent					
11.	You have completed the Research Seminar with an understanding of the topics (issues) covered					
12.	The Research Seminar in general can be evaluated as excellent					

Please comment on the Research Seminar's strengths and weaknesses, how challenging you found the Research Seminar, in terms of the workload, the standards? What can be improved in the Research Seminar?

Please comment on the instructor's strengths and weaknesses, effectiveness in holding students accountable for their preparation, participation and performance.

**Your Own Work**

№	Question	1	2	3	4	5
		Less than 50%	50-65%	66-75%	76-89%	90-100%
