To whom it may concern

Ms. Mariam Aroian has been studying as a first year fulltime student of Saint-Petersburg State University at Educational Program «Jurisprudence» (Bachelor Level) from 2016. Mariam is always an enthusiastic participant in her academic group discussions, so I got to know her very well during this time. Inter alia Mariam has an IELTS Certificate as well English speaking person and we have been taking scientific researches in Sports Law sphere. For example, nowadays we finished a first step in generalizing FIFA`s Dispute Resolution Chamber case law 2016 on Training Compensation problems (while football player transfer or registration as a professional football player) and Mariam has prepared a scientific article for Russian Law Journal «The Petersburg Lawyer». The next step in our research will be aimed to analyzing the case law on Training Compensation of Court of Arbitration for Sport. Also is important to mention Mariam`s personal and professional talents. I could mention Mariam as even-tempered and easygoing person, who has a capacity to work autonomously and, on the other hand, as hardworking and balances her time student. Her abilities and determination will continue to grow.

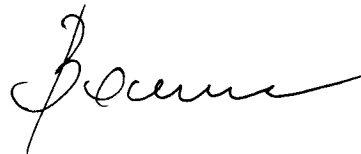

So, I am pleased to recommend **Ms. Mariam Aroian** for this Summer Law Program which helps her to continue growing as a creative prospective lawyer and improving her knowledge, skills on Jurisprudence.

Very truly yours,
